

# Extacy

## Rockell

Come on in baby, close the door  
Come on in here and close the door  
Tonight's the night in which we will explore  
All the little parts of the body that one can miss  
All the little parts of your body that I can kiss  
Do you know how I want you so bad  
Well tonight I'm going to show you  
Loving like you have never had  
Come a little closer now and let me show you what I mean  
Let this body of mine addict you like nicotine  
Don't you want to be a fiend  
Put you hand right there  
And the other hand there, yes hold on tight yes  
That's just right now feel me  
Oh let's go down on the floor  
Now let me touch you in all those places  
Till you can't take no more

Tell me how good it is and how much you want me  
As I send your body into complete and total extacy  
[Chorus (x2):] I want to love you baby, I want to squeeze you baby  
I want to rub you body, let me please you baby yes  
Let me take you higher my body is on fire  
Come on make love to me send me to extacy  
Do you like it, yes I know you do  
Now rap your arms around my thighs  
And kiss the lips between the two  
Tell me now it it good and how much do you want me  
As I send you body  
Into complete and total extacy  
[Chorus]
