

The Things That Lovers Do

22-20s

If I didn't have a mind
We could love like actors do
I'd tell you lines you want to hear
Act the way you want me to We could live behind the screen
We could live it scene by scene
If I didn't have a mind
I know I wouldn't miss a cue I know you wish we could do
The things that lovers do
I wish I could dance with you
But girl my feet don't move If I didn't have a heart, I know I wouldn't miss a beat
Sweep you, girl, right off your feet
Sweep you out into the street
Leave you crying on the floor, leave you crying out for more
