Left

Greta Stanley

Well I met you when I was 18
Nearly 18
You came to my birthday party

inRead invented by Teads

And i remember walking down the driveway
It was almost twelve am
And well
All i wanted to do babe
All i wanted to do was hold your hand
And i knew then that I was falling into something big
And I'm not really sure
And I'm not really sure what love is
But I bet it feels
Something like this
While sitting in the back of your friends car
Your house
Your house
Sitting in the back of your friends car
You light your cigarette
And blow it out into the dark
And i caught the end of it on your lips
when we kissed
And I didn't wanna keave
I didn't wanna go home that weekend
Because I knew it'd be a long time
Until i got to see you again
well
Driving in the car on Christmas eve
On Christmas eve
we were looking at the lights
And baby you were looking at me
Now dirving in the car on Christmas eve
With your hand in mine
And your mind on me
Well sleeping in the sheets in my bedroom
In my bedroom

You were sleeping in the sheets
And the sun is coming off of you
And you're leaving soon
You're leaving soon
Well there's always been a lot of time between us
And now there's a lot of kilometers too
And well its quite possible that I would find somebody new
And it's quite possible that you could do that too
Just know that I'll always keep a
Little bit of love
A little bit of love left for you
Darling I'll hold onto a little bit of love
A little bit of love left for you
I'll always keep a little bit of love
A little bit of love left for you
A little bit of love
A little bit of love left for you
Cause it was just bad timing and there was too much to think about
Baby maybe we just were ready
We were ready for love
Like ours
A love like ours
A love like ours
And i bet you're probably thinking
Why didn't i ask you to stay
But we are so young
And there's so much out there to see
I just hope you keep a
Little bit of love
A little bit of love left for me
Darling hold onto
A little bit of love
A little bit of love left for me
Just keep a
Little bit of love
A little bit of love left for me
A little bit of love
A little bit of love left for me
