

# Tell Him

Bette Midler

I know something about love  
You've gotta want it bad  
If that guys got into your blood  
Go out and get him  
If you want him to be  
The very thought of you  
Makes you wanna breathe  
Here's the thing to do Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now I know something about love, you gotta show it and  
Make him see the moon up above  
Go out and get him  
If you want him to be always by your side  
If you want him to only think of you Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now Ever since the world began, it's been that way for man  
And the women were created to make love their destiny  
Then why should true love be so, so complicated, oh yeah?  
I know something about love  
You gotta take his hand  
Show him what the world is made of  
One kiss will prove it  
If you want him to be always by your side  
Take his hand tonight, and swallow your foolish pride Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now You got to go and  
(Tell him that you're never gonna leave him) oh, yeah  
(Tell him that you're always gonna love him) yeah  
(Tell him, tell him, tell him, tell him right now) Take his hand, you're gonna  
(Tell him that you're never gonna leave him) oh, yeah  
(Tell him that you're always gonna love him) yeah  
(Tell him, tell him, tell him, tell him right now) You got to  
(Tell him that you're never gonna leave him) oh, yeah  
(Tell him that you're always gonna love him) yeah  
(Tell him, tell him, tell him, tell him right now) You got to go and  
(Tell him that you're never gonna leave him) oh, yeah  
(Tell him that you're always gonna love him) yeah  
(Tell him, tell him, tell him, tell him right now) You got to tell him  
(Tell him that you're never gonna leave him) oh, yeah

(Tell him that you're always gonna love him) yeah  
(Tell him, tell him, tell him, tell him right now)
