

We Are the Men You'll Grow to Love Soon

Let's Wrestle

We're going down to job center and soon
We'll come out with a job
We got ourselves nice and clean
We feel so peaceful and serene
And we are the men you'll grow to love soon
Yes, we are the men you'll grow to love soon

We are the most reliable guys in the world
But we got enough money to buy some g&t's for the girls
And we are the men you'll grow to love soon
Yes, we are the men you'll grow to love soon
