Superhero

Sophia & A-Lo

Intro - Sophia
I need a superhero, fly across the globe
Your secret is safe with me boy, only we will know..Verse 1 - A-Lo
Baby I, love it up here in the sky
I feel like I just need to fly
But for some reason I
Let you see through my disguise
I'm hung up on your touch, but so afraid of your love
Cuz love in the past has been like kryptonite
I've been all by myself and felt like things'll never change
But you made me feel like it's okay, eh, eh
So let's fly.. up, up and away
Up, up and away, no matter what happens to me I promise I'll keep you safe.Chorus 1 - Sophia
I need a superhero, fly across the globe
Your secret is safe with me boy, only we will know.. You got me singing
Woa oo oo, woa oo oo, woa, I need a superhero
Woa oo oo, woa oo oo, woa oo oooooo (I need a superhero)Verse 2 - A-Lo
Shawty you're mine, we light it up like the northern sky
Been on a hunt for you all my life, now that I got you ima hold you tight, yeah yeah

I've been all by myself and felt like things'll never change
But you made me feel like it's okay, eh, eh
