One Drop

Gomba Jahbari

I need you, and you need me
Left alone, we will never be who we could be
So take my hand and, don't forget that
We can do anything together

Oh oh oh oh oh oh oh oh oh
Just one drop of your love
A single ray of sun
Just one thing to change the world
It's just you and me
Starting with a dream
And giving it all we've got
Only takes one drop
(Oh oh oh oh oh oh oh oh oh)
Only takes one drop
(Oh oh oh oh oh oh oh oh oh)
Only takes one drop
Only takes one drop

Come with me now, look and see how
There's an ocean overflowing with our hope so
Let's jump in and, take a swim, it's
You and me, yeah forever

Oh oh oh oh oh oh oh oh oh
Just one drop of your love
A single ray of sun
Just one thing to change the world
It's just you and me
Starting with a dream
And giving it all we've got
Only takes one drop
(Oh oh oh oh oh oh oh oh oh)
Only takes one drop
(Oh oh oh oh oh oh oh oh oh)
Only takes one drop
Only takes one drop

I need you, and you need me

We can do anything together

Oh oh oh oh oh oh oh oh oh
Just one drop of your love
A single ray of sun
Just one thing to change the world
It's just you and me
Starting with a dream
And giving it all we've got
Only takes one drop
(Oh oh oh oh oh oh oh oh oh)
Only takes one drop
(Oh oh oh oh oh oh oh oh oh)
Only takes one drop
Only takes one drop
