

# Strength of Giants

## A Telemetry

burn is the order  
watch the wick - sizzle to an end  
quick flash explosion tears the way  
such a fury of dismay

it binds a fall - a constrict feeling  
no sense to call - in a frigid dealing

strength of giants  
total reliance - to set us free  
strength of giants  
is an alliance - to which we need

conquest the meaning  
settle actions - left in bonds  
derive a motive to believe  
small hints you retrieve

unsettled in - what is missing  
to deal a trend - with whoever listens

strength of giants  
total reliance - to set us free  
strength of giants  
is an alliance - to which we need

see fit to challenge  
offer up a scheme  
set forth a motion  
on which no one  
should ever leave

strength of giants  
total reliance - to set us free  
strength of giants  
is an alliance - to which we need
