Will You Always Haunt Me
Shall I Never Lay You To Rest
Apparition Fatal To Me
Now And On The Day When You LeftStillborn Emotions Turning Blue
This Memory I Finger Like A Wound
I'm Sorry Baby But You Have To...
I'll Take You In A Death Embrace
Slowly Sucking All Your Life Away
My Love I Will Tear You Apart AgainSo Wield This Brutal Edge And Set Me Free
This Absence Makes A Carcass Of MeI'll Wrap My Arms Around You
I'll Crush You Close To My Chest
I'll Keep You By My Side
Now Until The Day Of Your Death
But You Don't Need Me Baby
This Intimate Disease
This Shrunken Grave Of Nothingness
I Must Become The BeastStillborn Emotions Turning Blue
This Memory I Finger Like A Wound
I'm Sorry Baby But You Have To...
I'll Take You In A Death Embrace
Slowly Sucking All Your Life Away
