

# Daydream

## E-Mantra

My daydream seems as one inside of you  
Though it seems hard to reach through this life  
Your blue and hopeless life  
My daydream screams bitter 'til the end  
The love I share, true, selfish to the heart  
My heart, my sacred heart  
My daydream dream  
My daydream  
My daydream dream

My daydream  
I'm going crazy  
I'm going crazy  
I don't want feelings  
Your feelings  
I have gone crazy  
Motherfuckin' crazy  
I have gone
