

# Breathing Underwater

MariÃ© Digby

There's a light in the dark where the sky splits apart  
Where the stars find a way to shine through all the spaces in between  
Here we are, face to face, all alone in this place  
And the night is finally coming down to you and me

Tell me where you been hiding  
Oh, I want to know, oh  
You're my silver lining covered in gold  
Tell me what am I feeling  
Well, it's hard to explain  
Like underwater breathing, swimming in rain

Oh oh, all I really wanna do, do  
Is fall a little deeper with you, you  
Never come up  
Breathing, breathing underwater  
Weightless with every little kiss you steal, boy  
You are making me feel, feel  
Like I'm breathing  
Breathing, breathing underwater

Wanna fly through the blue bay on the bottom with you  
Getting lost in the waves, let the world slip away  
Where nobody can find us, I don't wanna be safe  
Leave it all behind us, make an escape

Oh, tell me what am I feeling  
Oh, it's hard to explain  
Like underwater breathing, swimming in rain

Oh oh, all I really wanna do, do  
Is fall a little deeper with you, you  
Never come up  
Breathing, breathing underwater  
Weightless with every little kiss you steal, boy  
You are making me feel, feel  
Like I'm breathing  
Breathing, breathing underwater

Wanna go to the edge

Wanna dive in again  
Here we are, face to face  
All alone in this place  
And it's finally coming down to you and me  
Breathing under

Oh oh, all I really wanna do, do  
Is fall a little deeper with you, you  
Never come up  
Breathing, breathing underwater (breathing under)  
Weightless with every little kiss you steal, boy  
You are m-making me feel, feel (breathing under)  
Like I'm breathing  
Breathing, breathing underwater (breathing under)

Oh oh, all I really wanna do, do  
Is fall a little deeper with you, you (breathing under)  
Never come up  
Breathing, breathing underwater (breathing under)  
Weightless with every little kiss you steal, boy  
You are m-making me feel, feel (breathing under)  
Like I'm breathing  
Breathing, breathing underwater

Breathing under  
Breathing underwater  
Breathing underwater, oh
