

# Radio

## Jarvis

Woke up this morning 10 O'clock or so  
And my favorite song is on the radio  
And my head still hurting from late last night  
'Cuz my shorty did my braids too tight Hop out the shower, throw my sweat suit on  
Lace my Tim's, grab my sidekick phone  
Look out the window, all the clouds are gone  
So I call my boys, it's time to get it on Right now, the mood is so right  
(So right)  
My game, my life so tight  
(So tight) We do whatever we like  
This is for the radio  
This is for the radio This is for the whips with the chrome 2-0's  
This is for the shortys walking down the street  
In them low rider jeans hot like, "Oh" This is for the radio  
This one goes out to the G's on lock and six below  
To everyone holding it down  
This one's for you Out on the street, everything is cool  
Nobody tripping or acting a fool  
There's Bar-B-Qs, dominoes  
It's all good, up in the hood We turn around and roll uptown  
It doesn't matter that the sun is going down  
Do the same thing that we did on yesterday Right now, the mood is so right  
(So right)  
My game, my life so tight  
(So tight) We do whatever we like  
(Can we get it poppin' tonight?)  
Can we get it on tonight? Right now, the mood is so right  
(So right)  
My game, my life so tight  
(So tight) We do whatever we like  
Can we get it poppin' tonight?  
This is for the radio This is for the whips with the chrome 2-0's  
This is for the shortys walking down the street  
In them low rider jeans, hot like, "Oh"  
(Hot like, "Oh") This is for the radio  
This one goes out to the G's on lock and six below  
To everyone holding it down  
This one's for you Coolin' down, slowin' down  
Life's to short to be uptight, so don't worry 'bout a thang

We coolin' down, slow down, slowing down  
DJ rock dis joint tonight, so we can do our thang, yeah  
(We can do our thang) This is for the radio  
This is for the whips with the chrome 2-0's  
This is for the shortys walking down the street  
In them low rider jeans hot like, "Oh"  
(Hot like, "Oh") This is for the radio  
This one goes out to the G's on lock and six below  
To everyone holding it down  
This one's for you This is for the radio  
This is for the whips with the chrome 2-0's  
This is for the shortys walking down the street  
In them low rider jeans, hot like, "Oh"  
(Hot like, "Oh") This is for the radio  
This one goes out to the G's on lock and six below  
To everyone holding it down  
This one's for you
