Defender

Cat5

I'll be your defender.
I'll be your defender.
When the days are dark,
And the nights are only getting longer
When you've lost your heart,
And it seems the opposition is getting stronger
If ever you cry,
And the enemy calls you name.
I'll take a fight,
I'll never leave your side.
So baby don't sleep on me.
I Know you've met a lot of guys with super egos,
But I'm going to save your heart like a super hero.
Yes I'm, Gonna protect you,
Never leave your side, I'll be here to protect you.
They can say what they want, they can all surround me,
But I'm gonna save your front(from?) like a military army.
No I'm, not a pretender
I'm here for you, I'll be your defender.
Baby don't sleep on me,
Let me give you everything that you need. (oh wooah)
I'll be your defender, I be I be I'll be your defender.
And every time your world comes crashing down.
If you need a shoulder baby I'm around for ya
I'll be your defender, I be I be I'll be your defender.
Your under attack and it seems your tired of fighting
The memories of your past
Keep you scared of love and hiding
Don't push me away
Because I need cause I never ever tried to harm ya
And I'm gonna fight a battle my way there
Like a knight in shining armor
Yes I've met a lot of girls
Been a lot of places

But your the type of girl I'm never replacing
Yes I'm, gonna protect ya
Never leave your side, I'll be here to protect you.
Dangers around while your under attack babe

I'm a hold you down, as I've got your back baby
Your mine.
I'm not a pretender.
I'm here for you.
I'm your defender.
Baby don't sleep on me,
Let me give you everything that you need. (oh wooah)
I'll be your defender, I be I be I'll be your defender.
And every time your world comes crashing down.
If you need a shoulder baby I'm around
I'll be your defender, I be I be I'll be your defender.
I know your hearts in pain
But baby let me in
As the world let you down again
But you don't have to be afraid no more (no more)
Because I'm right here
I've been waiting my whole life to save you tonight (Nooo Ohwooa)
Baby don't sleep on me,
Let me give you everything that you need. (oh wooah)
I'll be your defender, I be I be I'll be your defender.
And every time your world comes crashing down.
If you need a shoulder baby I'm around for ya
I'll be your defender, I be I be I'll be your defender.
Baby don't sleep on me,
Let me give you everything that you need. (oh wooah)
I'll be your defender, I be I be I'll be your defender.
And every time your world comes crashing down.
If you need a shoulder baby I'm around for ya
I'll be your defender, I be I be I'll be your defender.
And every time your world comes crashing down.
If you need a shoulder baby I'm around for ya
I'll be your defender, I be I be I'll be your defender
