

Gardening Song

Nick Roes

I am just a gardener, working every day.
The sunshine is my partner, and she never gets up late.
I roam around from town to town never messing with the weed.
I never get it just the way I want, but I she gives me what I need.

Mary, Mary, How does your garden grow?
Do I move you? Thatâ€™s all I want to know.

I take my hoe with me wherever I go, HO!
Searching through the fertile fields where seeds are sometimes sown.
Yes I am a gardener; the sunshine splits our pay.
She never wakes up tired or takes off on a Holiday.

Mary, Mary, How does your garden grow?
Do you move me? Thatâ€™s all I want to know.

I take my hoe with me wherever I go, HO!
Searching through the fertile fields where seeds are sometimes sown.
I roam around from town to town never messing with the weed.
I never get it just the way I want, but I give her what she needs.

Mary, Mary, How does your garden grow?
Can I love you? Thatâ€™s all I want to know.

Cog Tree, Cog Tree, How does your garden grow?
Can I love you? Thatâ€™s all I want to know.
