Never Leave Me Again

Opshop

What would you say if I told you
that I couldn't feel a thing,
What would you say if I told you
what you didn't mean to me,

Would you lie through your teeth
Talk to me sweetly
Give up everything
Till I believe
Oh I would lie to your face
Just like some fantasy
Where I... I make up everything so you'll never leave me again
You'll never leave me again
you'll never leave me

What would you say if I'm lying here
being with someone else,
What would you say if I told you
I'm more or less just trying to be myself

Would you lie through your teeth
Talk to me sweetly
Give up everything
Till I believe
Oh I would lie to your face
Just like some fantasy
Where I... I make up everything so you'll never leave me again
You'll never leave me again
you'll never leave me

never again, never again, never again
never again, never again, never again
never again, never again, never again

What would you say if I told you
that I couldn't feel a thing

Would you lie through your teeth
Talk to me sweetly
Give up everything

Till I believe
Oh I would lie to your face
Just like some fantasy
Where I... I make up everything so you'll never leave me again
You'll never leave me again
you'll never leave me again
You'll never leave me again
You'll never leave me again
