

Danny

Elvis Presley

Danny is my name, oh yes
My name should be trouble
My name should be woe
For trouble and heartache
Is all that I know
But Danny
Yes, Danny is my name
Oh, oh, oh yes, oh yes
My life has been empty
My heart has been torn
It must have been rainy, oh yes
The night I was born
Oh Danny
Oh Danny is my name
Danny is my name
Oh, oh yes
I'm so afraid of tomorrow
So tired of today
They say that love is the answer
But love never came my way
I'm writing a letter
To someone I know
So if you should find it
And if you're alone
Oh Danny
Yes, Danny is my name
Oh, oh, oh yes
Oh Danny
Yes, Danny is my name
Oh, oh, oh, oh
