

Tar-Heel Boy

The Magnetic Fields

Tar-heel boy sings a song
'Bout a girl who ain't comin' home
By n by, by n by
She worked too long in the mill She's gone to those rolling hills in the sky
We're barely off mama's milk
And we're locked in here weavin' silk
We can't buy, we can't buy While you been off in Oregon
I been drinkin' here all alone
All night long, all day long
They shot a nine-year-old boy
For a hundred dollars
