

# Dreamer

Chris Brown

What do I do  
Stop, go, fail, succeed  
Live or die?  
I just got to believe Believe, it's worth saving  
And to get lost, lost in a day dream  
So why hesitate, take me to another place  
So far far away, so I can get out of the dark High speed like I'm racing  
Just like lightning sky is blazing  
But you've lost your way, you've been lead astray  
Are there better days for my fallen dreamer Calling a dreamer  
(A dreamer, a, a, a, a dreamer)  
(A dreamer, a, a, a, a dreamer)  
Calling a dreamer  
(A dreamer, a, a, a, a dreamer)  
(A dreamer, a, a, a, a dreamer) You don't believe no more  
(You don't even sleep no more)  
Dream no more  
(You don't even dream no more)  
Dreamer  
(Dreamer)  
Why don't you just dream again? Believe in you  
You got something to prove  
You're a star, watch you shine bright  
On your way to the limelight, finish line The sweat and tears  
You can channel all of your fears  
Open your eyes, your eyes  
Indeed it will be alright Calling a dreamer  
(A dreamer, a, a, a, a dreamer)  
(A dreamer, a, a, a, a dreamer)  
Calling a dreamer  
(A dreamer, a, a, a, a dreamer)  
(A dreamer, a, a, a, a dreamer) You don't believe no more  
(You don't even sleep no more)  
Dream no more  
(You don't even dream no more)  
Dreamer  
(Dreamer)  
Why don't you just dream again? A dreamer, a, a, a, a dreamer  
A dreamer, a, a, a, a dreamer

A dreamer, a, a, a, a dreamer A dreamer, a, a, a, a dreamer  
A dreamer, a, a, a, a dreamer  
A dreamer, a, a, a, a dreamer  
A dreamer, a, a, a, a dreamer Calling a dreamer  
(A dreamer, a, a, a, a dreamer)  
(A dreamer, a, a, a, a dreamer)  
Calling a dreamer  
(A dreamer, a, a, a, a dreamer)  
(A dreamer, a, a, a, a dreamer) You don't believe no more  
(You don't even sleep no more)  
Dream no more  
(You don't even dream no more)  
Dreamer  
(Dreamer)  
Why don't you just dream again?
