## Miguel

Love me, love me for profit, I can make you go down  
I can show you the money if you wanna go out  
When you're ready, come and get me, I'm on Capitol Hill  
Before I show you the money, let me spot you the bill  
Want money? Got clout  
Need bitches, need bitches  
Give it, babe  
Want money? Got clout  
Need bitches, need bitches  
Give it, babe  
No one pays attention now, they just wanna dance  
You could be holdin' the future in the palm of your hands  
So when you're ready, come and get me, I'm on Capitol Hill  
Before I show you the money, let me spot you the bill  
Want money? Got clout  
Need bitches, need bitches  
Give it, babe  
Want money? Got clout  
Need bitches, need bitches  
Give it, babe  
Give it, babe, give it, babe  
Gotta do it all the same  
Give it, babe, give it, babe  
All we need is clout  
All we need is money  
Gotta play the game  
We can take it all the way  
Want money? Got clout  
Need bitches, need bitches  
Give it, babe  
Want money? I got clout  
Need bitches, need bitches  
Give it, babe  
Talk about love  
When I'm in control  
Give it, babe
