

I Can't Hear the Music

Brutha

[Fabolous]

A shake I told you I got you homie.

A wats up Brutha, Lets get this done homie.

This wat I do right here baby ha ha.

Shawty you the one I give a ear to,

They can turn the music up if they care to.

All I might hear is shawty right here her ass make room

I make room even in a tight pair.

The truth is I'm on the top like the roof is.

Shawty tryna to get where my bluetooth is.

But I get cocky on then though and when

They holla I get foxy on the hoe.

Yea that mean I go deaf my game so offical it don't need no ref.

If you stop grinin', I stop winnin like I a club the dj stop spinnin' baby I can turn you on, while them other

niggas tryna to learn the song,

it's lil so in case you don't know so,

can't hear haters cuz they talk so low.

[Anthony]

Unlike anything that I have ever seen

Like ya face had been cut out a magazine

And a body like a goddess

Got these got these dudes tryn they hardest

But it aint workn

Ohhhh ohhhh,

I just sit back and observe the way you move.

Something 'bout you make me wanna get to you, and then the lights go dim.(yeah)

And then I get this feeln, ohhh

[Chorus]

Cause I can't hear the music

(Cause I'm focused on you)

I can't hear the music

(When I'm dancin with you)

I can't hear the music

(Feels like it just me and you, in here, no I can't hear)

I can't hear the music

(Cause I'm focused on you)

I can't hear the music

(When I'm dancin with you)
I can't hear the music
(Feels like it just me and you, in here, no I can't hear)
Ohhh...

[Anthony]
Unlike anything that I have ever felt before.
When we laid eyes, I could see that there was somethin more
She was sexy and so innocent, guilty and magnificent
I knew that I had to have that girl
There was a silence that fell upon the club,
On comes the spotlight and all I can see was her,
We started movin' to her heartbeat
You became a part of me (part of me)

[chorus]
Cause I can't hear the music
(Cause I'm focused on you)
I can't hear the music
(When I'm dance with you)
I can't hear the music
(Feels like it just me and you, in here, nobody can hear)
Cause I can't hear the music
(Cause I'm focused on you)
I can't hear the music
(When I'm dance with you)
I can't hear the music
(Feels like it just me and you, in here, nobody can hear)
(Nooooooooo)

[Brutha]
You're so beautiful
Like an angel on the dance floor
All eyes are on you
You're impossible to ignore
Since I layed eyes on you
I don't think I'm not leaving anymore
You're what I'm listening for.

[chorus x2]
Cause I can't hear the music
(Cause I'm focused on you)
I can't hear the music
(When I'm dancin with you)
I can't hear the music

(Feels like it just me and you, in here, no I can't hear)

Ohhhh, ohhh, ohhhhh, (I can't hear the music)

Ohhhh, ohhh, ohhhhh, (I can't hear the music)

Ohhhh, ohhh, ohhhhh, (I can't hear the music)

Ohhhh, ohhh, ohhhhh, (I can't hear the music)

Ohhh, ohhh, ohhh, ohhh

Ohhh, ohhh, ohhh, ohhh

Ohhh, ohhh, ohhh, ohhh
