

# All Me (feat. Chris Brown)

## Lyrica Anderson

[Verse 1: Lyrica Anderson]

He told me, he don't like to party, party  
I told him, pull up to the lobby  
Yeah, I just wanna catch a vibe, catch a vibe with you  
Valet pulling up outside, come ride with me  
Just a little conversation  
You know whats up  
Keep doing things you do  
Never change up  
And we do the things we do  
Keep it on a low yeah  
And you don't need to hit me up  
Stay on call yeah

[Pre-Chorus: Lyrica Anderson]

You ain't never gotta ask, for you I just do it  
You're one of a kind, and I ain't tryna lose you  
When they asking who that is, yeah its all me  
Its all me yeah, its all me [Chorus: Lyrica Anderson]  
He gon' pull on me, whine and dine, its all me  
Put her in some Balmain design, its all me  
Know I like it country, babe, you know it's all me  
Hit me when you want it, baby, call me  
You don't have to worry, it's on me  
Can I know your birthday, it's on me  
You ain't far from perfect  
'Cause what's yours is mine, baby  
Oh yeah, its all me

[Verse 2: Chris Brown]

I'm spendin' your money, on me  
Balmain, Supreme, Louis, Ferg and Bentley plus Versace  
Drop the top  
We Gucci shinin', girl, look at your rings  
100k, I don't care, splash the bill  
Yeah, I'm payin' for it  
They tryna say that it's your worst day  
Baby, you ain't gotta wear no make up for me, yeah  
All you gotta do is make love to me, yeah  
Don't want you spendin' all your money  
You ain't gotta be perfect, yeah [Pre-Chorus: Lyrica Anderson & Chris Brown]

You ain't never gotta ask, for you I just do it  
You're one of a kind, and I ain't tryna lose you  
When they asking who that is, yeah its all me  
Its all me yeah, its all me[Chorus: Lyrica Anderson & Chris Brown]  
He gon' pull on me, whine and dine, its all me  
Put her in some Balmain design, its all me  
Know I like it country, babe, you know it's all me  
Hit me when you want it, baby, call me  
You don't have to worry, it's on me  
Can I know your birthday, it's on me  
You ain't far from perfect  
'Cause what's yours is mine, baby  
Oh yeah, its all me[Chorus: Lyrica Anderson & Chris Brown]  
He gon' pull on me, whine and dine, its all me  
Put her in some Balmain design, its all me (on me yeah)  
Know I like it country, babe, you know it's all me  
Hit me when you want it, baby, call me  
You don't have to worry, it's on me  
Can I know your birthday, it's on me  
You ain't far from perfect  
'Cause what's yours is mine, baby  
Oh yeah, its all me[Outro: Lyrica Anderson]  
Yeah, me, me, me, me , me  
It's on me  
Me, me, me, me , me  
On me, its on me
