

# Tomorrow

Duffy

I, I get this creepin' feelin'  
That you, you might just start believin'  
That we, we are meant to be  
So tell me, will you always love me? Tomorrow, will you bring me sorrow?  
Stay and say you love me  
Will you change your mind?  
But tomorrow, will you bring me sorrow?  
Stay and say you love me  
But will you change your mind? I, I get this strange rejection  
Every time I look in your direction  
Tell me am I just imagining it  
Tell me will the pieces still fit Tomorrow, will you bring me sorrow?  
Stay and say you love me  
Will you change your mind?  
Tomorrow, will you bring me sorrow?  
Stay and say you love me I pray it's in my mind  
I pray I'm reading you wrong  
I know these answers are hard to find  
Please tell me I'm wrong Tomorrow, will you bring me sorrow?  
Stay and say you love me  
Will you change your mind?  
Tomorrow, will you bring me sorrow?  
Stay and say you love me I, I, I  
But tomorrow will you bring me sorrow?  
Stay and say you love me  
Will you change your mind?
