Killing Me Inside

Atb

You know, I tried to find a way,
A means to keep it high
Forced to yield to blinded sentiment
And you know, I tried to give it up,
With effort to make sense
Of senseless cries and smiles stirred by vain
Im crashing
Im falling
Im losing
And youre killing me inside.
[x3]
You know, I tried to find a way,
A means to keep it high,
Forced to yield to blinded sentiment
And you know, I tried to give it up,
With effort to make sense
Of senseless cries and smiles stirred by vain
Im falling apart, Im crashing down
And youre killing me inside
Im falling apart, losing my mind
And youre killing me inside
Im falling apart, crashing down
And youre killing me inside
Im falling apart, losing my pride
And youre killing me inside
Im crashing
And Im falling
Im losing
And youre killing me inside.
[x2]
Im crashing
Im falling
Im losing
Im crashing
Im falling
Im losing
And youre killing me inside.
