

# These Are The Days

## Sugarland

It's written on our palms, and  
It's written on our hearts  
It's written in our songs, and  
It's written in the stars  
Sometimes all we can do  
Is stand up tall  
When they're standing in line  
Just to watch us fall[Chorus]  
Whoa  
We can't forget, these are the days  
Whoa, don't be afraid  
We can't forget, these are the days Well, we got each other, and that's all we need  
From here on out it's just you and me  
Two hometown hearts up against the world  
That don't stand a chance against this boy and girl  
We faced 'em down, fought bigger fights  
And I know, babe, we're gonna be alright[Chorus] Well, it feels like we're living from pay check to check  
And we wake up wondering what might happen next  
Yeah, sometimes it feels like we won't make it through  
But the hard times pass  
Like the good ones do  
Baby, wrap your fingers and  
Hold on tight  
I'll be right here beside you tonight  
Baby, climb up here  
Watch the city glow  
Let's make a wish on the fireworks below  
We're making moments that we won't forget  
And feeling ones that haven't happened yet[Chorus] Whoa  
Don't be afraid  
We can't forget these are the days
