

The Floor

Rooney

Well, I don't want you when you want me
And I don't need you like I need dough
See those flowers? They were on sale
And all that foreplay, it was for meI never loved you
When you loved me
I never cared about you
When you cared about meHey, pretty lady, not you, behind you
Where'd you get that amazing booty
Oh, tae-bo works, see, tae-bo works
Thanks for the info, here's my numberI never loved you
When you loved me
I never cared about you
When you cared about meI've got the F L double O R
The F L double O R, ah, R
The F L double O R
I've got the floorI don't want you when you want me
And I don't need you like you need me
I don't want you when you want me
And I don't need you like you need meI never loved you
When you loved me
I never cared about you
When you cared about meI never loved you
I never cared about you
I don't need this care
I'd rather sit it out, yeahI've got the F L double O R
Yeah, the F L double O R, ah, R
I think it's your request so far
I've got the floor, I've got the floorI want you
