

A Billion Tons Of Light

Vega 4

From the mountains to the oceans
The places where we live
From your mouth and on through
My mouth, it is everywhere
Pulsing in the heat of your warm breathIn the trains and on the runway
In factories and schools
From the safety of your long arms
I reach endlessly from here
Our fingerprints are everywhereYou're a daughter, I'm a son
I almost said I love youA billion tons of light explodes
We are illuminated now
A billion tons of light explodes
We are illuminated nowAs I lie against your body
That will one day let you down
From the safety of this moment
I reach endlessly from here
I reach endlessly, endlesslyThis adds up to more than us
I almost said I love youA billion tons of light
We are illuminated now
A billion tons of light explodes
We are illuminated now
