Advisory - the following lyrics contain explicit language:

See I wanna get next to you, freak ya body
Sexy baby, my super freak
I wanna get next to you, freak ya body
Sexy baby I ain't even like them other types
I'm like a thug nigga but I don't fuck with dykes
Call me your undercover lover, I do want you like
We can do it anyway, anyhow, any night, so tight And you can feel it in your dreams, don't cha
I gotta drug habit for ya like a friend, won't cha
Anticipate the point to I see ya, put the squeeze on ya
I cop a fifth and take a sip and put the please on ya You got me thinkin' bout you and I'm gone
And I don't smoke no cigarette, but I be in the zone
My fam jokin' 'cause I'm always on the phone
Tellin' me to get the business when you get home You know that baby boy I know you feelin' it too
About to do what ever you like
Getting lose while we sippin' the goose
You got me feelin' like My super freak, I wanna get next to you
Freak ya body, my sexy baby
My super freak, I wanna get next to you
Freak ya body, my sexy baby Now the boy got me wide open
The kinda the way he get up close and get my thighs open
You the, when we start movin'
This nigga got me make love with my eyes open
Keepin' goin' with up and down, back and forth And the side and around and he askin' more
And he tyin' me down the backboard
And it sound like we tearin' down the back wall
And I ain't tryin' the play your mind shawty I'm trying get up in ya mind and make you mine shawty
And ask my best friend if you think I'm lying shawty
You got your game right and I think you're fine shawty, for real
And you ain't trippin' off my record deal Or how I'm lookin' in my pictures with my sex appeal
We in the Chevy dro'ed out playin' "Let's chill"
I got some orange juice ready for them X pills
Still My super freak, I wanna get next to you

Freak ya body, my sexy baby
My super freak, I wanna get next to you
Freak ya body, my sexy baby Ah come, come here
Come here, see Now we back to the handcuffin'
Bed bangin' down crazy 'cause I can't touch him
He got a way he wanna lay me with my legs up, and
A super freak and oh baby I ain't sayin' nothin' I'll be your private dancer watch the way the booty drop
And you can throw that thang back and make the booty pop
And we can get the freak and freakin' with the oochie-waa
I like the way he lick-lick with the juicy pop and when I get on top My super freak, I wanna get next to you
Freak ya body, my sexy baby
My super freak, I wanna get next to you
Freak ya body, my sexy baby My super freak, I wanna get next to you
Freak ya body, my sexy baby
My super freak, I wanna get next to you
Freak ya body, my sexy baby
