

# One of Us

## Mystery Skulls

Even if I told you  
Even if you told me, you would only do  
Darkness is my signal  
What do you to me, what do me to you? Are you one of us?  
Are you one of us?  
Tell me, are you one of us?  
Are you one of us? I know that this sounds crazy  
Waitin' for this moment  
Can you see me?  
Cuz I know that you're out there  
This darkness is my signal  
Come and find me  
Are you one of us?  
Are you one of us?  
Tell me, are you one of us?  
Are you one of us? Are you one of us?  
Are you one of us?  
Are you one of us?  
Are you one of us? Are you one of us?  
Are you one of us?  
Tell me, are you one of us?  
Are you one of us?  
Are you one of us?  
Are you one of us?  
Are you one of us?  
Are you one of us?
