

# The Chainsaw Buffet

Lordi

You got your invitation  
A family dinner and tonite you will meet  
No need for hesitation, sugar  
We're gonna love you and it's all we can eat  
The steaks ala carte mama make from the heart  
And my pas such a gourmet for gore  
Jammed eyes, bleeding herbs  
Banquet dining is worth dying for  
At the chainsaw, chainsaw buffet  
The secret ingredient screams  
You're my main course  
At the chainsaw buffet  
Feed on man-eater's cuisine  
At the chainsaw, chainsaw buffet  
Chainsaw buffet  
Mother said, that you were a sweet chic  
Called up your folks, and they'll join us for brunch  
Nice day for a picnic  
They'll be delighted, only they are the lunch  
The steaks ala carte mama make from the heart  
And my pas such a gourmet for gore  
Jammed eyes, bleeding herbs  
Banquet dining is worth dying for  
At the chainsaw, chainsaw buffet  
The secret ingredient screams  
You're my main course  
At the chainsaw buffet  
Feed on man-eater's cuisine  
At the chainsaw  
At the chainsaw, chainsaw buffet  
The secret ingredient screams  
You're my main course  
At the chainsaw buffet  
Feed on man-eater's cuisine  
At the chainsaw, chainsaw buffet  
The secret ingredient screams  
You're my main course  
At the chainsaw buffet  
Boiling your blood fill it steams  
At the chainsaw, chainsaw buffet  
The secret ingredient screams  
You're my main course  
At the chainsaw buffet  
Feed on man-eater's cuisine  
At the chainsaw, chainsaw buffet
