

Justice In The Barrel

[Jon Bon Jovi](#)

Hey mister can you help me
I'm a loner on the run
I'm just looking for tomorrow
And I ain't gonna hurt no one I jumped headfirst into a bottle
I was looking for a friend
Came up just short of nothing
I didn't find the truth I only found an end So tell me who's gonna save me
Or my father or my son
When the only justice a man can see
Is the barrel... of a loaded gun I been broke and I've been hungry
I think they're both my middle name
But I don't never ever never seem to get enough
Still guess I can't complain 'Cause what you get in life you take it
You've gotta hold on and make it last
They say good things come to those who wait
But it's life that goes so fast And when there's just one rule you live by
Each day you kiss the rising sun
When you live and die by the life we breathe
In the barrel of a loaded gun Guns talk to me in my sleep at night
And a gun somewhere is burning
With my name Winners are losers
And losers will have to face
All those yesterdays
And all of the dreams they blew away So Mister can you help me
Or are you my gun
Have the ghosts of justice
Brought you here to me to taste
The barrel of a loaded gun There's justice in the barrel
Of a loaded gun
