

Taking Life

We As Human

What have I done with life, I close my eyes, and now I say I can't see
Because of the tears that fall, I've built the walls and now unfortunately
Well, I try to talk to you, and I can't break through, and it's killing me.
Oh, I feel lost inside this space between. So I'm done making excuses for mistakes I've made.

For so long now I have found a way to pass the blame.

Oh, I know you will forgive me if I turn away
From this life of shame. You have made a way. Chorus

I'm taking life

I'm getting older

I won't back down

I'm getting closer

I'm taking life

I'm far from over

It's not the end

This is not the end So many years I wasted selfishly, embraced the natural things.

And I thought that I was fine as long as I didn't bring someone pain.

But now I've begun to see your plan for me is so much more than this game
Father cover me just like the rain Repeat Chorus My eyes are open and my path is straight.

You moved the mountains so there's nothing in my way.

Your love is boundless and forever stays the same.

I am on my way.

I am on my way. Repeat chorus I don't want to waste my life. Oh... Repeat Chorus
