

# Pound Sign

Kevin Fowler

Dog-tired  
Yeah, I'm wired  
Uptight-er than an a-string  
About to break  
Tail-draggin'  
A little ragged  
Hangin' by a thread  
That's startin' to fray  
Just in case there might be  
Little ears around  
I won't say it  
I'll just spell it out  
I feel like pound-sign, question mark  
Star, exclamation point  
Don't give a blank  
And a whole lot of other  
Choice words I can't say  
Today I feel like  
Pound-sign, question mark  
Star, exclamation point  
Hung-over  
A lot closer  
To ringin' death's door  
Than I was yesterday  
Head-achin'  
Hand-shakin'  
Badly in need  
Of a shower and shave  
Yeah, I know I'm lookin'  
A little rough  
The least I can do  
Is clean my language up  
I feel like pound-sign, question mark  
Star, exclamation point  
Don't give a blank  
And a whole lot of other  
Choice words I can't say  
Today I feel like  
Pound-sign, question mark

Star, exclamation point  
I think I partied  
A little too hard last night  
Let's see here now  
How do I put this right?  
I feel like pound-sign, question mark  
Star, exclamation point  
Don't give a blank  
And a whole lot of other  
Choice words I can't say  
Today I feel like  
Pound-sign, question mark  
Star, exclamation point  
Don't give a blank  
And a whole lot of other  
Choice words I can't say  
Today I feel like  
Pound-sign, question mark  
Star, exclamation point  
Percentage sign, at symbol  
Back-slash, squiggle-thing  
Pound-sign, question mark  
Star, exclamation point
