Left & Right In the Dark

Julian Casablancas

I'm running in the parking lot, I'm four years old
I am lost, those were the days
The soft murmur of voices in the other room
Comforting you as you fall asleep
Staring at the mother-daughter clones go by
We're in a race against time, and time might be winningAnd it's not gonna take all day long
Watching the urban decay all around us, oh boy
And I'm on my way...oh, somewhere
Feels like I'm going left and right in the dark
How long must we wait, how long must this stayOh wake up, wake up
Oh wake up, wake up
Oh wake up, wake up
Wake up, wake upI'm ashamed I think maybe sometimes
I might have used tricks to make you like me more
When I found you I was running wild
"Let's get out of here"
Was in trouble thereI want to know, what are you thinking
Cause I think I think it tooSliding across the Indian wildnerness
Like the wind gliding down soft roads
6am now you're in Hollywood
And you're dancing, we made it
We are turning back the Earth so fast
But it feels a lot slowerAnd it's not gonna take all day long
Watching the urban decay all around us, oh boy
And I'm on my way...oh, somewhere
Feels like I'm going left and right in the dark
How long will it take, to fix what they breakOh wake up, wake up
Oh wake up, wake up
Oh wake up, wake up
Wake up, wake upYour Achilles heel is you like to feel your fingers on the wheelSome live in a palace, some live in the sewers
The director, the actor, the crew, and the viewers
Boys get their toys and girls got their dolls
And nothing much else changes through the final stages
How you're spending the day is the same as your life
And you're watching the time running awayOh wait up, wait up
Oh wait up, wait up
Oh wait up, wait up
Wait up, wait up

Oh wake up, wake up
Oh wake up, wake up
Oh wake up, wake up
Wake up, wake up
