

We Can Touch the Sky Tonight

Early Grey

Verse 1

I don't know why we start this war
But I can't take it anymore
This night will be the last
For demons of your past
Tonight we'll kill them all
Tonight we'll fall in love

Chorus

Naaaa-na-na-na
We can touch the sky tonight
Naaaa-na-na-na
We can change our lives and make them shine
Naaaa-na-na-na
We can touch the sky tonight
Naaaa-na-na-na
We can change this world just you and I

Bridge 1

I will ask you no permission
To break up the chains that hold your heart
I will be your doctor
To cure this pain

Verse 2

So tell me why, why can't you see
That only love can set you free?
This night's for innocence
And pretty thoughtlessness
What are you wishing for?
Tonight you'll get it all

Chorus

Bridge 2

Let this treasure be discovered
Let me hold your hand and make you smile
I'll just ask you, baby -
Don't throw it away

Bridge 3

So are you brave enough
To reach the sky above?
Don't be afraid to fall -
We are invincible!

Chorus several times
