Is Anybody Out There In Love

Boy Meets Girl

Is anybody out there in love?
Let me hear it from your heart
It's a great thing to be in love and be loved
Is anybody out there in love?
I wanna know, got to knowYou say the shiver you used to feel
When I kissed behind your ear, is no longer there
Dove in the river, didn't we glisten in the moonlight?
We floated down, then it was foreverWe always said, "Hey, you never know, never know"
I thought I did except for this note you left last night
Sayin' you don't love me anymore
Just hit me square see I never heard this one before, no no
No, I never heard that one before, no noIs anybody out there in love?
Let me hear it from your heart
It's a great thing to be in love and be loved
Is anybody out there in love?
I wanna know, got to knowYou say it's time for this to end
I guess I'd rather not pretend
I'm glad you'd rather not pretend
I wonder how long have I been, I've been with a strangerAt a time like this I feel like the biggest fool
So when we kissed and held each other
I see my situation was all wrong
No, I couldn't see something you know all along, no no
I couldn't let myself seeIs anybody out there in love?
Let me hear it from your heart
It's a great thing to be in love and be loved
Is anybody out there in love?
I wanna knowI just wanna hear about real love tonight
Tell me about good love, oh
All I wanna hear about is true love
Is anybody out there?Is anybody out there in love?
Let me hear it from your heart
It's a great thing to be in love and be loved
Is anybody out there in love?
