Chores

Unfun

If I say too bad
I'll take a lesson in my head
I've got to have till I am deadNow I've got these chores
And I'm never going to hurt no one
And when at last
My work is doneI only only want the time
To do one thing that I like
I want to get so stoned
And take a walk out in the light drizzle
At the end of the day
When there's no one watchingIt's not going to happen.
