

# Unplayed piano (feat. Lisa Hannigan)

**Damien Rice**

Come and see me  
Sing me to sleep  
Come and free me  
Hold me if I need to weep Maybe it's not the season  
Maybe it's not the year  
Maybe there's no good reason  
Why I'm locked up inside Just cause they wanna hide me  
The moon goes bright  
The darker they make my night Unplayed pianos are often by a window  
In a room where nobody loved goes  
She sits alone with her silent song  
Somebody bring her home Unplayed piano still holds a tune  
Lock on the lid in a stale, stale room  
Maybe it's not that easy  
Or maybe it's not that hard Maybe they could release me  
Let the people decide  
I've got nothing to hide  
I've done nothing wrong  
So why have I been here so long? Unplayed pianos are often by a window  
In a room where nobody loved goes  
She sits alone with her silent song  
Somebody bring her home Unplayed pianos are often by a window  
In a room where nobody loved goes  
She sits alone with her silent song  
Somebody bring her home Unplayed piano  
Still holds a tune  
Years pass by  
In the changing of the moon
