

If You Were Mine (Acoustic Version)

[Cyndi Thomson](#)

If you were mine
I would celebrate like everyday was Christmas
If you were mine
I would love you like it's nobody's business I would give you everything I had
I would treat you right, I would make you laugh
Baby, I would smile forever if you were mine If you were mine
Baby, night would be a romance novel
If you were mine
I would quench your thirst like a tall glass of water You would be my one desire
I would kiss you like a house on fire
Baby, I would burn like crazy if you were mine
If you were mine, if you were mine, oh yeah You're everything I can't resist
Just to hear your voice is bliss
It is, yeah it is If you were mine I would shout it out
We'd show the world what love's about
We'd never sleep in our big old bed
We'd just kiss and kiss and kiss instead If you were mine, I would be complete
And nothin' would be missin', baby
If you were mine, if only you were mine If you were mine, if only you were mine
If you were mine, if only you were mine
If you were mine, if only, baby If you were mine, if you were mine
If you were mine
