Heart Open Wide

Citipointe Live

From stone to flesh You changed me
My heart shaped by Your hand
From death to life You raised me
Forgiven now I standYour scars are my reminder
Your cross the great exchange
In You I live forever
Now free from sin and shameYou have my heart and I have Yours
I once was lost but now restored
You are the Lord of all things new
Heart open wide I worship YouHallelujah
My chains undone
Heaven's won
Hallelujah
We raise You up
Christ our hope
