The Choice Is Yours

Kj-52

Hello how ya doing? Can we keep it moving?
It's the KJ-52 along with the John Reuben
And we steady cooling mic checking one two and
The choice is yours now 'cause this is what we doing
You can get with this 'cause this for us is life
But if you get with this understand this is Christ
Otherwise you other guys get with that
Mr.John Reuben, can you tell me where the parties at?
Alright thanks my friend from the sons of 'In'
We move to the rhythm without wondering
Yeah we comes first all is under him
Take a dope emcee and then double him
And you got two, ok that's me and you
Mr.John Ru with the KJ-52
Doing what it takes to light up the ear hole
A lot of energy absolutely no soul
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
We got phat beats but what the fact's be
Is that without Christ then the track be empty
So understand simply that we ain't just emcee's
We simply just state that, "Christ has changed me"
Look at us strangely yo it's all the same B
We don't care now peep the message we send thee
So real swiftly when the enemy tempts me
I'm like"Do da dippity' c'mon"
I'm going this and that I write that and this
But if that's not life well then it must be dismissed
No time for negative gotta be positive
Clear and sincere I think we state the obvious or is it?
'Cause I found this to be true
So many times I do what I hate to do
Brought back to the fact I'm in need of you

But then again what else is really new?
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
Engine engine number 9, party peoples feeling fine
If your life goes off the track
Pick it up, pick it up, pick it up
Ya back on the scene crispy and clean
You can get with that plus the gat and cream
Or you can get with this and let Christ reign supreme
But now the choice is still yours, you see what I mean?
You see we seek like in abundance
All right Yahweh came through and then gave me substance
Overflowing we let it spill on the mic
Embrace the truth and then we keep it focused right
Despite obstacles can't let it sway me
Even though at times my vision get hazy
I say we stay on the path that leads to life
No matter how narrow we can't lose sight
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
You can get with that or you can get with this
You can get with that or you can get with this
You can get with that or you can get with this
I say, "You get with this 'cause this is where it is"
