

# All Over You

## The Spill Canvas

Yeah he's a looker  
But I really think it's guts that matter most  
I displayed them for you  
Strung out about from coast to coast  
I am easily make-believe  
Just dress me up in what you want me to be  
I'll take back what I've been saying for quite some time now

[Chorus]  
I gotta feel you in my bones again  
I'm all over you  
I'm not over you  
I wanna taste you one more time again  
I'm all over you  
I'm not over you

In my daydreams, in my sleep  
Infatuation turning into disease  
You could cure me see all you have to do now is  
Please try give it your best shot and try  
All I'm asking for is love  
But you never seem to have enough

[Chorus]  
This life is way too short to get caught up in all this stuff  
Well I just want you to love me back

Why can't you just love me back?  
(Why can't you just love me back?  
Why can't you? (repeat 2X)  
Why can't you just love me back?  
(Why can't you just love me back?  
Why can't you? (repeat 2X)  
Why can't you just love me back?  
(Why can't you? (repeat 2X)

[Chorus]  
(Just one more time)

This life is way too short to get caught up and all mixed up  
When I just want you to love me back  
Why cant you just love me back?

Why won't you just love me back?  
Why cant you just love me back?
