Circles (feat. KevÃ¤t)

The Brocks

We are coming home,
It's what we've waited for,
Night is cold as ice,
Under mountains side.

{{chorus}}
I'd be the one with all the questions,
I never knew, no I never knew
It'd be an end to my conviction.>

We were loved before,
So young, so brave, so pure
Brother take my gun,
Please please please let me run.

(Chorus) x2

Or am I running in circles?
Or am I in circles x2
