

# Go Away With Me

George Jones

Go, go, go away with me  
Far from his heart and eyes  
I can love you and you'll realize  
That your life holds so much in store  
When you wanted and loved and adored  
Go, go, go away with me  
And I know you soon will forget  
His false love that's haunting your memories  
Go and you'll never regret  
You're his plaything and nothing more  
He will hurt you he's done it before  
Then you'll cry out cry out in vain  
For his heart to go wondering again  
Go, go, go away with me  
Go, go, go away with me
