

What's Hatnin' (feat. Future)

Justin Bieber

I pull up and then I hop out,
Like what's hatnin'
I knock on the door, she know who it is,
Uh what's hatnin' (what's hatnin')
We on a roll, we 'bout to go, uh
Ah what's hatnin' (what's hatnin')
We took off in that UFO
Like what's hatnin' What's hatnin', what's hatnin',
Baby girl what's hatnin'
Don't talk about it, just be about it,
Whatever happens, just happens
What's hatnin', what's hatnin',
Baby girl what's hatnin' (what's hatnin', what's hatnin', what's hatnin')
Don't talk about it, just be about it,
You got it girl, what's hatnin' (yeah) Do you wanna scream and shout? (Yeah yeah)
But I don't wanna fight babe (yeah yeah)
I guess that's why I'm leavin' now (yeah yeah yeah)
I can't do nothin' right babe (what's hatnin') Arguin' won't fix the problem
Talk with me maybe we can solve it
Be real with me, ain't no other option,
No other option, no other option
No arguin' won't fix the problem,
Talk with me, baby we can solve it
Be real with me, ain't no other option,
No other option, no other option We just need forgiveness
Baby lemme get into business
I just, I just wanna give it to you
Girl let's pick up where we started,
We don't need to worry 'bout it
We just wanna have fun tonight I pull up and then I hop out,
Like what's hatnin'
I knock on the door, she know who it is, uh
What's hatnin' (what's hatnin')
