

# Mr. Golden Deal

## Tonic

Swallow your pride  
Make way for the new bride  
Holdin' your tounge  
When they call another winner  
And oh there is more to this life  
Hey Mr Golden Deal  
Tell me how does she feel?  
She's like the wind  
That boy couldn't sail  
He says, 'I've washed these decks for years  
I've carried those pails?  
And oh there is more to this life  
Hey Mr Golden Deal  
Tell me how does she feel?  
Does she hold you in the night?  
Does she tell you evetything's gonna be alright?  
Hey Mr Golden Deal  
How does she feel?  
Captain oh my captain  
Steer the first mate true  
The men they sing a song of fear  
The ghosts of ships who failed before  
And the captain he is laughin'  
You can't control the sea  
She will always do as she pleases  
It's her nature to be free  
And oh there is more to this life  
Hey Mr Golden Deal  
Tell me how does she feel?  
Do you hold her in the night?  
Do you tell her everything's gonna be alright?  
Hey Mr Golden Deal  
I know how you feel, oh yeah  
Oh, I know, I know, I know  
Oh, I know, I know, I know  
Hey Mr Golden Deal  
How does she feel?
