Fugitive

Bush

We got the soul, we got the honey
Stay alive we keep on running
House is on fire we're petrol stained
We stay on the move we ahead of the flames
We are the new accelerators
Faster we go before they make us
Maybe we did maybe we don't

Let's see your face as you throw the stoneI am a fugitive on the run I carry the weight of what I've doneThose born of sweat

Through eyes of love Bring more light Than 5000 hurts

It's not where you're from where you go And what you believe is more than you know

Open your head open your head

Hold me close as we jump off the edgeI am a fugitive on the run I carry the weight of what I've doneSo don't carry the weight

Don't carry the weight Don't carry the weight

Don't carry the weight, weight, weightYou can't change the world But you can change what's to come

You can't change the world

But you can change what's to comeI am a fugitive on the run I carry the weight of what I've doneSo don't carry the weight

Don't carry the weight
Don't carry the weight
Don't carry the weight, weight, weight, weight, weight
Don't carry the weight, weight now
