

# Be Mine

Jennifer Lopez

Lookin through a coffee table book  
At a small cafe on Broadway  
Tryin' to find a way  
Out of all trouble and dismay  
Travelin' on a road unpaved Everywhere I look  
Theres something there to remind me  
Of feelings from yesterday  
Listenin to drama and hearsay  
Only leaves me empty You are my friend first  
We talk about what hurts  
We talk about love  
Let's talk about us  
Can't you see I want you to be mine? What matters the most  
I just wanna see you up close  
When I look into your heart  
You got everything I want  
Can't you see I want you to be mine? You do what hasn't been done before  
No one loves you more than me  
Can't you see I want you to be mine? You do what hasn't been done before  
No one loves you more than me  
Can't you see I want you to be mine?  
I want you to be mine Turn the music up  
Ridin on the highway  
Thinkin about the way  
That I feel when I'm with you  
A feelin that continues To make me feel good  
Even when I'm not near you  
And I want it to stay  
Emotions, I have so many  
Love can give you plenty But I know you are my friend first  
We talk about what hurts  
We talk about love  
Let's talk about us  
Can't you see I want you to be mine? What matters the most  
Just wanna see you up close  
When I look into your heart  
You got everything I want  
Can't you see I want you to be mine? You do what hasn't been done before  
No one loves you more than me

Can't you see I want you to be mine? You do what hasn't been done before  
No one loves you more than me  
Can't you see I want you to be mine? Everything he does, all of the above  
Didn't know til I fell in love  
Fits me like a glove, do you know  
Can't you see I want you to be mine? Everything he does, fits me like a glove  
Didn't know til I fell in love  
All of the above, do you know  
Can't you see I want you to be mine? You do what hasn't been done before  
No one loves you more than me  
Can't you see I want you to be mine? You do what hasn't been done before  
No one loves you more than me  
Can't you see I want you to be mine? Be mine, be mine, be mine, be mine  
Be mine, be mine, be mine, be mine  
Be mine, be mine, be mine, be mine
