

# One Half

**Julianna Barwick**

I guess I was asleep that night  
Was waiting far  
I guess I was asleep that night  
Was waiting far  
I guess I was asleep that night  
Was waiting far  
I guess I was asleep that night  
Was waiting far I was waiting here  
Come around me  
I was waiting here  
Come around me  
I was waiting here  
Come around me  
I was waiting here  
Come around me  
I was waiting here
