

Sunlight

Bag Raiders

Hold tight at midnight
Am I dreaming or are you beaming out?
Are you beaming out? Like light, snow white
Red fluorescence, iridescence now
Are you beaming out? Don't you know that
When I see your face
It's like sunlight dripping When I see your face
It's like sunlight dripping You're just like
You're just like
Sunlight
Sunlight You're just like
You're just like
Sunlight
Sunlight
