

# Only Love Can Break Your Heart

## I Blame Coco

When you were young  
and on your own  
How did it feel  
to be alone I was always thinking  
of games that I was playing  
Trying to make the best of my time Oh, only love can break your heart  
Try to be sure right from the start  
Guess only love can break your heart  
What if your world should fall apart I have a friend I never see  
He has his head inside a tree  
Someone should dial him  
to see if he could come out  
try to lose the dime that he's found Oh, only love can break your heart  
Try to be sure right from the start  
Guess only love can break your heart  
What if your world should fall apart Guess only love can break your heart Oh, only love can break your heart  
Try to be sure right from the start  
Guess only love can break your heart  
What if your world should fall apart I was always thinking  
I was always thinking  
What if your world should fall apart
